SMIRNOV ALEXANDR PAVLOVICH, director of natural resources and environmental protection department of the Kostroma region

Sustainable use of water resources and stable functioning of water-economic complex of Lower Volga, conservation of unique system of Volga-Akhtuba bottom land

BOLGOV MIKHAIL VASILYEVICH, deputy director of Water problems institute of RAS

10.00 – 14.00

Conference

“Prospects of decrease of anthropology impact on water objects”

(with a coffee-break 11:30-12:00)

Moderator: *GRISHINA GALINA YURIEVNA, expert of Russian association of water and sanitation*

Public Private Partnership in practice - experience of successful cooperation of business and authorities

GRISHINA GALINA YURIEVNA, expert of Russian association of water and sanitation

Implementation of concessionary agreements in sphere of water supply and purifying: experience and prospects

TRESKUNOV OLEG VALERYEVICH, director general of “EKOS North-West” LLC

Technologies of snow utilization by “Vodokanal St-Petersburg”

PROBIRSKY MIKHAIL DAVIDOVICH, director of water discharge directorate of “Vodokanal St-Petersburg”

Implementation of trenchless technologies while pipelines reconstruction of MUE “Vodokanal” in Yekaterinburg

KOROMYSLOV VLADIMIR VASILYEVICH, production director of MUE “Vodokanal” Yekaterinburg

Industrial sewage water treatment with floatation

IVANOVA OLGA VLADIMIROVNA, production engineer of “Eco-potential M” LLC

Optimization of technological solutions for sewage water treatment in big cities. Megapolis project

ALTABABAYEV IGOR VLADIMIROVICH, specialist of “ECOS North-West”

Modern technologies in sphere of processing and utilization of sludge in business and community facilities

PEREZ GIL RICARDO, VOMM GC manager

Venue:
