PROGRAMME PROJECT*

	Prospects of Cooperation between Russia and Finland to the Arctic Shelf: the Environmental Aspect <i>Speaker – Riita Hemmi, Consulate General of Finland in Saint-Petersburg</i> The Role of St. Petersburg in Stabilization of the Baltic Sea's Environmental Condition <i>Speaker: D. Golubev, the Chairman of the Committee on Natural Resources, Environmental Protection and Ecological Safety</i>
11:30-12:00 Ginzburg Foyer	Exhibition Opening and Tour of the Exposition
12:00-12:30 Ginzburg	Press Conference
12:00-12:30 Levinson	Coffee Break
11:00-18:30 Ginzburg Foyer	“For Clean Beaches” Action Put your signature to the open letter to the Saint-Petersburg Government at the participants check-in desk
12:30–14:30 Ginzburg Congress Hall (1 floor)	Working session I. Part I "Rational Use of Marine Ecosystems in Economic Activity. Standards of Environmental Safety during Production and Transportation of Hydrocarbons " <i>Moderator – A. Knizhnikov, the Head of the Environmental Policy Program in Oil-and-Gas Sector of the World Wildlife Fund (WWF Russia)</i> Comprehensive Sea Management: the Need of Concerted Actions in Carrying out Economic Activities <i>Speaker: A. Knizhnikov, the Head of the Environmental Policy Program in Oil-and-Gas Sector of the World Wildlife Fund (WWF Russia)</i> Creation of Environmental Infrastructure in the Russian Port Sector According to the International Practice <i>Speaker: K. Bobrov, the Executive Director of FSUE “Rosmorport”</i> New Possibilities for Concrete Actions to Save the Baltic Sea. Action through Public-private Cooperation (Report in English). <i>Speaker: Ilkka Herlin, the Chairman of Baltic Sea Action Group and Cargotec Corp.</i> Restriction of Conditions for Ship's Ballast Water and Sediments Management: the Prospects of the International Convention on Ballast Water Management Adoption in 2013 <i>Speaker: A. Sergeev, the Deputy Chief, the Head of the Mechanical Equipment and System Department of the Russian Maritime Register</i> Development and Application of Innovative Biotechnology for Environmental Clean from Oil Pollution <i>Speaker - S. Grigishkis, Dr. Sci., Private Corporation "Biocentras"</i> Solving Problems of Accumulated and Future Ecological Damage in the Kola Bay of the

PROGRAMME PROJECT*

	Barents Sea <i>Speaker – F. Shveitser, the Deputy Chairman of the Industrial Development and Ecology Committee of Murmansk Region</i> The Oil Spills Elimination in Arctic Seas <i>Speaker: J. Tubashov, the Director of the Export (Russia and CIS) Lamor Corporation</i> The Use of Membranes and other Modern Methods of Waste Waters Treatment in Offshore Zones <i>Speaker: S. Petrov, the Director General of CJSC Research and Development Enterprise “Biotechprogress”</i>
12:30-14:30 Petrov-Vodkin (2 floor)	Working session II. Part I "Ensuring of Environmental Safety of Inland Water Resources during Economic Activity and the Elimination of Accumulated Damage" <i>Moderator – V. Tarbaeva, prof., D. of Biol.S., the Deputy Chairman of the Leningrad Regional Department of All Russian Nature Protection Society, the Head of the Project “Water is Priceless Heritage”</i> International Environmental Projects Implemented in the Kaliningrad Region <i>Speaker: Yu. Podunov, the Acting Head of the Environmental Control and Supervision Agency of the Kaliningrad Region</i> Technology Platform "Technologies of Ecological Development" as a tool of Water Resources Sustain Development <i>Speaker: L. Karlin, the Russian State Hydrometeorological University Chancellor</i> Water Quality Estimation of the Ladoga Lake within Leningrad Region <i>Speaker: I. Murashko, the Deputy Head of the Nature Resources Department – the Head of the Environmental Monitoring and Ecological Assessment of the Leningrad Region Natural Resources Committee</i> Water Supply Safety as a Method for a Rise in Living Standards and Megalopolis Steady Development <i>Speaker: E. Nefedova, PhD in Tech. Sciences, the Director of the SUE "Vodokanal of St. Petersburg"</i> Utilization of Waste Waters Sediment, the Useful Components Extraction from Sewage Waters <i>Speaker – C. Ploux, the Vice-President of OTV (Veolia)</i> Use of Innovative Technologies during the Water Treatment in Urban Communal Services on the Example of Moscow SUE "Mosvodokanal" <i>Speaker – A. Babaev, the first Deputy Director – the Chief Engineer of the MSUE “Mosvodokanal”</i>

PROGRAMME PROJECT*

	Best Available Technologies Use in Creating Attracting Conditions for Investment as the Main Components for Russian Public Sector Improving <i>Speaker - A Portnova, the Head of the «EVN Umweltholding und Betriebs GmbH»</i>
14:30–15:30 Rodchenko (3 floor)	Lunch
15:30–18:30 Ginzburg Congress Hall (1 floor)	Working Session I. Part II "Rational Use of Marine Ecosystems in Economic Activity. Standards of Environmental Safety during Production and Transportation of Hydrocarbons " <i>Moderator – A. Knizhnikov, the Program Manager for environmental policy in Oil & Gas World Wildlife Fund (WWF Russia)</i> International Cooperation as a Guarantee for the Caspian Shelf Complex Developing and Regional Development Sustaining <i>Speaker: Gudsi Dursun ogly Osmanov, the General Consul of Azerbaijan Republic</i> Remote Control Methods and Creation of a Data Geo-portal on the Environmental Safety during Onshore and Offshore Oil and Gas Fields Development <i>Speaker – D. Shahin, the Head of the Engineering and Ecological Survey and Monitoring Department of LLC "FRECOM".</i> Development of the Arctic Transport System and its Impact on the Ecological Safety of the Northern Territories of the Country <i>Speaker – K. Basangova, the State Polar Academy Rector</i> The Need of Systematic Efforts to Prevent the Arctic Region's Pollution with Industrial and Domestic Waste <i>Speaker – N. Grigoriev, the Professor of the State Marine Academy named after admiral Makarov</i> Polar Research Stations Designing with a Minimum Harmful Effect on Environment <i>Speaker – P. Aires, the AECOM Architectural and Engineering Design Director</i> <i>Second speaker – S. Kudryashov, the Leading Specialist in the Environmental field of AECOM</i> The Introduction of Ecologically Clean Port Technologies for the Eutrophication and Ships Emissions Reducing as Exemplified in the Project "Clean Shipping in the Baltic Sea" <i>Speaker- K. Maulitz, member of the Environmental Development Society in Latvia</i> Innovative and Upgraded Water and Transport Technologies for Environmental Assessment <i>Speaker - A. Stepanov, prof., D.Eng., the Director of the Transport Logistics Scientific and Educational Center of the International Transport Academy</i> The Need of Equipment for Port Bilge and Sewage Waters Purification <i>Speaker – M. Karyakin, the Sales Manager of LLC “EnviroChemie GmbH”.</i> Current Production for Oily Waste Processing in the Port of Tallinn

PROGRAMME PROJECT*

	<i>Speaker – B. Markovtsev, LLC "GEA Westfalia Separator CIS" Manager</i>
15:30- 18:30	Working Session II. Part II
Petrov-Vodkin Room	"Environmental Safety Ensuring of Water Resources during Economic Activity and the Elimination of Accumulated Damage"
(2 floor)	<i>Moderator – V. Tarbaeva, prof., D. of Biol.Sc., the Deputy Chairman of the Leningrad Region Subdivision Deputy Chairman of the All-Russian Public Organization "All-Russian Society of Nature Conservation", the Head of the Programme "Water is the Priceless Heritage"</i>
	Creation of a Unified System of the State Environmental Monitoring: New Possibilities for the Data Compilation
	<i>Speaker – V. Shershakov, the General Director of FSBI RSC "Typhoon" of the Federal Service for Hydrometeorology and Environmental Monitoring</i>
	Target-oriented Approach for Environmental Problems Solving in Bashkortostan Republic
	<i>Speaker - O. Lazdina, the Deputy Minister of Natural Resources and Environment in Bashkortostan</i>
	The "Green Valley" Scientific Technological Complex in Tambov Oblast
	<i>Speaker – A. Nikitin, D.Econ., prof., the Chairman of the Tambov Region Duma</i>
	Hydropower Engineering and its Steady Development: a JSC "RusHygro" Experience
	<i>Speaker – R. Khaziakhmetov, the Technical Analysis Director of the JSC "RusHydro"</i>
	Ecological Aspects of Hydropower Facilities Construction in South Yakutia on the Example of the Cancun HPS
	<i>Speaker – D. Papunov, the Chief Specialist of engineering and environmental studies and environmental investigation and monitoring in the JSC "ENERGOTRANSIROEKT "</i>
	Current Enterprises Needs in Environmental Certification and Quality Systems Verification of the ISO series
	<i>Speaker – A. Poslushnoy, Expert in Certification of the "Russian Register" Association</i>
	New Initiatives of the International Organization for Standardization (ISO) in the Field of Steady Development and Environmental Safety. The Environmental Certification Results in the Russian Federation
	<i>Speaker – A. Shalaev, the Chairman of the Board of Directors of the LLC "United Expert Group"</i>

PROGRAMME PROJECT*

The Round Table Partner - The Faculty of Geography and Geo-Ecology of the St.Petersburg State University	• The Need to Form an United Ecological and Economic Space in the Eurasian Region • Principles of International Cooperation in Solving of Environmental Problems • Perspectives for Environmental Cooperation within the Eurasian Union • Mechanisms of Synergy between Potential Members of the Eurasian Union in Terms of Environmental Protection
12:30-14:00 Petrov-Vodkin 3 (2 floor)	Round Table: "The Impact of Public and Nonprofit Organizations on the Industrial Policy of Enterprises, Increasing the "Openness" of Business" <i>Moderator – K. Gribach, a Member of the Public Environmental Council at the Seat of the Leningrad Oblast Governor, the Spokesman for UPS in Gatchina and Gatchina District</i> Ratification of the Aarhus Convention and its Possible Consequences <i>Speaker – S. Simak, Public Chamber of Russia Member, Co-Chairman of the International Public Organization “International Social and Economic Union”</i> Ecologic Policy as an Integral Part of the National Safety of Russia <i>Speaker – S. Lisovskyi, the Head Editor of the “Society and Ecology” Newspaper, the Member of the Social Ecological Council at the Seat of the Leningrad Oblast Governor</i> Prospects of Cooperation between Nonprofit Organizations and Business <i>Speaker –K. Gribach, Member of the Public Environmental Council at the Seat of the Leningrad Oblast Governor, Spokesman for UPS in Gatchina and Gatchina District</i> The Proven Experience of the All-Russian Society of Nature Conservation in Promoting Ecologically Determined Business <i>Speaker – V. Tarbaeva, the Leningrad Region Subdivision Deputy Chairman of the All-Russian Public Organization “All-Russian Society of Nature Conservation”</i> Social Responsibility and Industrial Company Cooperation with Public: JSC “AZOT” Holding Company “The Business Alliance” in Kemerovo Industrial Company Experiment in Forming Public Relations <i>Speaker – V. Dmitruk, the Deputy General Director for Ecological and Industrial Safety and Quality of the JSC “AZOT” Holding Company “The Business Alliance” in Kemerovo</i>
12:30- 14:00 Petrov-Vodkin 2 (2 floor)	Round Table: "Valuation of Accumulated Environmental Damage. Mechanisms of Problems Solving: an International and Regional Experience " <i>Moderator – T. Kuryшева, the Director of the Nongovernmental Educational Institution “Ecological Educational Center”</i> Experience of the Accumulated Environmental Damage Elimination in Irkutsk Region Territory <i>Speaker – N. Abarinova, the Deputy Minister of Natural Resources and Environment of Irkutsk region</i>

	Actualization of Spatial Data by Public Topographical Monitoring in the Assessment of Water Resources Damage <i>Speaker – E. Brovko, Scientific Secretary, the Head of Scientific and Technical Information Center of the FSUE "State Center" Nature "</i> The European Bank for Reconstruction and Development (EBRD) Support of Investment Projects for Ecologic Safety Improvement of the Water Resources <i>Speaker – M. Petrov, the Head of the EBRD Representative Office in the Northwestern Federal District</i> Water Disinfection in the Fukushima District: the Successfully Completed Mission of the Veolia Water Company <i>Speaker – C. Pluks, the OTV Vice-President (Veolia)</i> The Need to Eliminate the Accumulated Damage of a Water Body – Grebnoy Canal, Located in the Historic Part of Veliky Novgorod <i>Speaker – A. Bautinov, the Deputy Commercial Director of "Ashland Eurasia"</i> Innovative Methods of Waste Waters Treatment: Experience in Application in Russia <i>Speaker – M. Smirnov, The General Director of the LLC "KVI International"</i> The Technologies of Waste Waters and Domestic Solid Waste Landfill Treatment for "Green Energy" Recovery <i>Speaker – M. Korobkov, the General Director of the LLC "First Green Energy Recovering Company"</i> The Best Available Technology (BAT) - Placement of Liquid Industrial Wastes into Deep, Securely Isolated Earth Horizons, as Environmentally and Economically the Most Expedient Way to Eliminate the Accumulated Environmental Damage <i>Speaker – V. Fomin, the Technical Director of ANO "Innovation Agency of the human environment"</i>
14:00-14:30 Ginzburg (1 floor)	Coffee Break
14:30-16:30 The Round Table  Petrov-Vodkin 2 (2 floor)	Round Table: "The Impact of Polluted Domestic Solid Waste Landfill on the Environment - Solutions" <i>Moderator – V. Koretsky, the Deputy of Economic Affairs General Director of "MosvodokanalNIiprojekt"</i> Opening Remarks V. Pankov, the Director of the Guild of Ecologists Administrative Regulation of Domestic Solid Waste Landfill Cleaning Problems <i>Speaker – H. Nikogosov, the Laboratory Head of the SUE "Research Institute of the Academy of Municipal Economy named after K. D. Panfilov"</i> Analysis of the Current Licensing of Domestic Solid Waste Landfills in St. Petersburg and Leningrad Oblast
